Changing Rules in InDesign CS

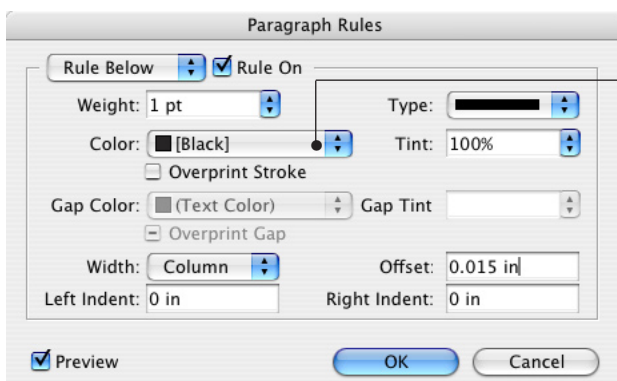

Here is an example of type with a rule above.

To modify a rule above or below type:

- (1) Select the line of type that contains the rule you want to modify.
- (2) Choose **Paragraph Rules...** from the Paragraph palette pop-out menu.

- (3) Notice the Rule On check box is selected and Rule Below is also selected from the pop-up menu.

To change the color of a rule, select it from the Color pop-up menu.
